SUBJECT

This action is to proceed with the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District Landscaping and Lighting Act 1, Unincorporated Zone; formation of Improvement Zone 554 for Petition No. 57-1010; approval of a loan from County Lighting Maintenance District 1687 to Improvement Zone 554 to finance the estimated \$45,000 cost of installing a street lighting system; and the levying of assessments on benefited properties within these territories for the installation, operation, and maintenance of street lighting facilities within the annexed territories.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed project is categorically exempt from the provisions of the California Environmental Quality Act Guidelines for the reasons stated in this letter and in the record of the project.

2. Approve the Engineer's Reports for Petition Nos. 15-309, 19-410, 146-907, 20 410, 28-510, 71-1110, 57-1010, and 70-1110 either as filed or as modified, for the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District Landscaping and Lighting Act 1, Unincorporated Zone; formation of Improvement Zone 554 for Petition No. 57 1010; and levying of assessments within the annexed territories for street lighting purposes. The proposed annexation areas are located in the unincorporated communities of Avocado Heights, Valinda, North Whittier, Los Nietos, Hacienda Heights, and La Rambla.
3. Adopt the Resolution of Intention to Annex Territories to County Lighting Maintenance District 1687 and County Lighting District Landscaping and Lighting Act 1, Unincorporated Zone; order Formation of Improvement Zone 554 for Petition No. 57-1010; order the Levying of a Special Assessment in Improvement Zone 554 for Fiscal Year 2013-14; and order the Levying of Assessments within the Annexed Territories for Fiscal Year 2013-14.
4. Set a date for a public hearing regarding the proposed annexations, formation of Improvement Zone 554 for Petition No. 57-1010, and levying of annual assessments within the annexed territories for street lighting purposes with a base assessment rate for a single-family residence of \$5 for the Unincorporated Zone of County Lighting District Landscaping and Lighting Act 1; approval of a loan from County Lighting Maintenance District 1687 to Improvement Zone 554 for the cost of installing the street lights in an amount currently estimated to be \$45,000; and approval and levying of a special annual assessment currently estimated to be \$168 per parcel per year for 10 years beginning in Fiscal Year 2013-14 against benefited properties to repay the loan.
5. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the scheduled public hearing date of Tuesday, February 26, 2013, pursuant to section 53753 of the California Government Code. The mailed notice will include assessment ballots.
6. Instruct the Executive Officer of the Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to the California Streets and Highways Code section 5838.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:

1. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights necessary to maintain service within the areas proposed for annexation.
2. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments.
3. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or in opposition to the proposed assessment.
4. Determine whether a majority protest against the proposed annexations or assessments exists.
5. Make a finding terminating the annexation, the formation of Improvement Zone 554 for Petition No. 57-1010, levying of assessments, and property tax transfer proceedings in those petition

territories where there has been a majority protest to the assessments, and refer the matter back to the Department of Public Works.

6. If there is no majority protest against the proposed assessments, adopt the Resolution Ordering Annexation of Territories to County Lighting Maintenance Districts 1687 and County Lighting District Landscaping and Lighting Act 1, Unincorporated Zone, ordering formation of Improvement Zone 554 for Petition No. 57-1010, Confirming a Diagram and Assessment and Levying of Assessments within the Annexed Territories for Fiscal Year 2013-14, either as proposed or as modified by the Board. The adoption of the Resolution Ordering Annexation shall constitute the levying of assessments in Fiscal Year 2013-14.

7. Approve a loan from County Lighting Maintenance District 1687 to Improvement Zone 554 for Petition No. 57-1010 for the cost of installing nine street lights on concrete poles in an amount currently estimated to be \$45,000. The actual cost for installation plus interest will be assessed over a 10-year period from Fiscal Year 2013-14 through Fiscal Year 2022-23 in equal payments of approximately \$168 per parcel per year for each of the 28 benefited parcels located therein.

8. Instruct the Director of Public Works or her designee to proceed with the installation of nine street lights on concrete poles with overhead wiring within Improvement Zone 554.

9. Adopt the joint resolutions between the Board and other taxing agencies approving and accepting the negotiated exchange of property tax revenues resulting from the annexation of these territories to County Lighting Maintenance District 1687 as approved by the nonexempt taxing agencies.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to: (1) find that the project is categorically exempt from the California Environment Quality Act (CEQA) Guidelines; (2) annex the territories known as Petition Nos. 15-309 (Pellissier Road), 19-410 (Lomita Avenue), 146-907 (Aldgate Avenue, et al.), 20-410 (Cliota Street), 28-510 (Norwalk Boulevard, et al.), 71-1110 (7th Avenue), 57-1010 (New Hampton Street, et al.), and 70-1110 (Bellmarin Drive, et al.) to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) Landscaping and Lighting Act 1 (LLA-1), Unincorporated Zone, (3) form Improvement Zone 554 for Petition No. 57-1010 for the purposes of financing the installation of street lights on concrete poles; (4) levy a special assessment for Fiscal Year 2013-14 on the benefited parcels within Improvement Zone 554; (5) levy assessments for Fiscal Year 2013-14 on the benefited properties within the annexed territories for street lighting purposes; and (6) approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to the jurisdictional change.

The installation of street lights on concrete poles is subject to installation charges. Per the California Streets and Highways Code, the Board can provide for a temporary advance to an improvement fund and direct that the advance be repaid by a special assessment levied and collected in annual installments. The formation of Improvement Zone 554 will provide for the financing of the estimated \$45,000 cost to install nine street lights on concrete poles with overhead wiring within Petition No. 57-1010.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). The annexation of territory to CLDs will provide street lighting services and delivery of a customer-oriented public service. This action is consistent with Fiscal Sustainability (Goal 2). The annual

property tax transfer will provide funding necessary for the operation and maintenance of street lighting facilities with each annexed territory. In addition, this action is consistent with Integrated Services Delivery (Goal 3). Street lighting services will provide convenience and safety for the motoring public as well as the safety and security of people and property.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2012-13 budget for CLMD 1687 and CLD LLA-1, Unincorporated Zone, to fund the costs for operation and maintenance of the street lights within these petition areas, should the annual operation and maintenance charges estimated to be \$17,745, respectively, be incurred prior to the end of Fiscal Year 2012-13. Funds to finance future operational costs will be made available through the Public Works' annual budget process.

Upon the Board's approval, CLMD 1687 will finance installation of street lights in Improvement Zone 554 with a loan of funds to be repaid by a special assessment on the property owners in Improvement Zone 554. The loan is currently estimated to be \$45,000 and will be repaid over a 10-year period beginning in Fiscal Year 2013-14 and ending in Fiscal Year 2022-23. Repayment will include interest computed based on the County's pooled surplus investment fund restricted interest rate; the annual payment amount per parcel is shown on the Amortization Schedule attached to the Engineer's Report for Petition No. 57-1010 (Improvement Zone 554). The special assessment will be levied by CLD LLA-1, Unincorporated Zone, and transferred to CLMD 1687.

In subsequent years, the ongoing operation and maintenance costs of the street lights within the annexed territories will be funded by the CLMD's share of ad valorem property taxes supplemented by assessments annually approved by the Board from property owners within these annexed territories. The proposed annexations will result in a minimal property tax growth transfer from the affected taxing entities, including the County General Fund; the County of Los Angeles Public Library; the County of Los Angeles Special Road Maintenance Districts 1 and 4; the Consolidated Fire Protection District of Los Angeles County; and the Los Angeles County Flood Control District to CLMD 1687.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Board previously approved and filed Petition Nos. 15-309, 19-410, 146-907, 20-410, 28 510, 71-1110, 57-1010, and 70-1110; adopted a resolution initiating proceedings for the annexation of territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone; formed Improvement Zone 554 for Petition No. 57-1010; and ordered the Director of Public Works or her designee to prepare and file an Engineer's Report for each petitioned territory. The enclosed Engineer's Reports were prepared in response to that directive.

Temporary advances to finance improvements and assessments to repay the advances are authorized by California Streets and Highways Code sections 22657 and 22660. At the time Petition No. 57-1010 (Improvement Zone 554) was initiated, the County's pooled surplus investment fund restricted interest rate was 1.336 percent, which resulted in an estimated annual payment of \$173 per parcel for a 10-year period as reflected in Petition No. 57-1010. The County's pooled surplus investment fund restricted interest rate is currently computed to be 0.77 percent. Thus, the special assessment is currently estimated to be \$168 per parcel per year, collected from the owners of the 28 parcels in Improvement Zone 554, over a 10-year period from Fiscal Year 2013-14 through Fiscal Year 2022-23.

Under California Government Code section 53753, it is necessary to follow the procedures for levying of assessments previously authorized by the Board, including the distribution, receipt, and tabulation of ballots at a public hearing. Ballots will be mailed to each property owner within the annexation territories. The assessment will only be levied if the weighted majority of ballots returned are in favor of the assessment.

The enclosed resolution of intention must be adopted to set a date for the required public hearing. The Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and assessment.

The California Revenue and Taxation Code section 99.01 (a)(4) provides that affected agencies must approve and accept the negotiated exchange of property tax revenues by resolution. The Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues have been approved by nonexempt taxing agencies and are enclosed for your consideration.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of California Government Code section 58850 et seq. and are on file with Public Works. A copy of the diagram showing the boundaries of each proposed annexation area is attached to the Engineer's Report prepared for each petitioned area. Following the Board's approval of the resolution for the annexations, levying of assessments, and exchange of property tax revenues, Public Works will file the statement of boundary changes with the State Board of Equalization as required by California Government Code section 54900 et seq.

The resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed action is categorically exempt from the provisions of CEQA. The project to annex territories to CLDs for the purpose of enhancing street lighting is within a class of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in Section 15301(c) of CEQA Guidelines and Class 1(x)(27) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, which specifically includes annexations to street lighting districts and installation of street lights and involves no expansion of use. In addition, there are no cumulative impacts, unusual circumstances, or other limiting factors that would make the exemption inapplicable based on the project records.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The annexation of territories to CLDs will result in street lighting for these areas and will have no impact on other services or projects.

CONCLUSION

Please return one adopted copy of this letter and the signed resolutions to the Department of Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of the letter and resolutions to the County Assessor, Ownership Services Section (Attention Angela Gadsden), and one to the Auditor-Controller, Tax Division (Attention Kelvin Aikens).

Respectfully submitted,

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION NO. 15-309
(PELLISSIER ROAD)**

On September 20, 2011, Item 26, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining three street lights on existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the three street lights on existing wood poles. The annual operating cost of \$424 for the three 9,500 lumen high-pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year (FY) 2012-13 Annual Engineer's Report for CLD LLA-1 is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundary of Petition No. 15-309. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

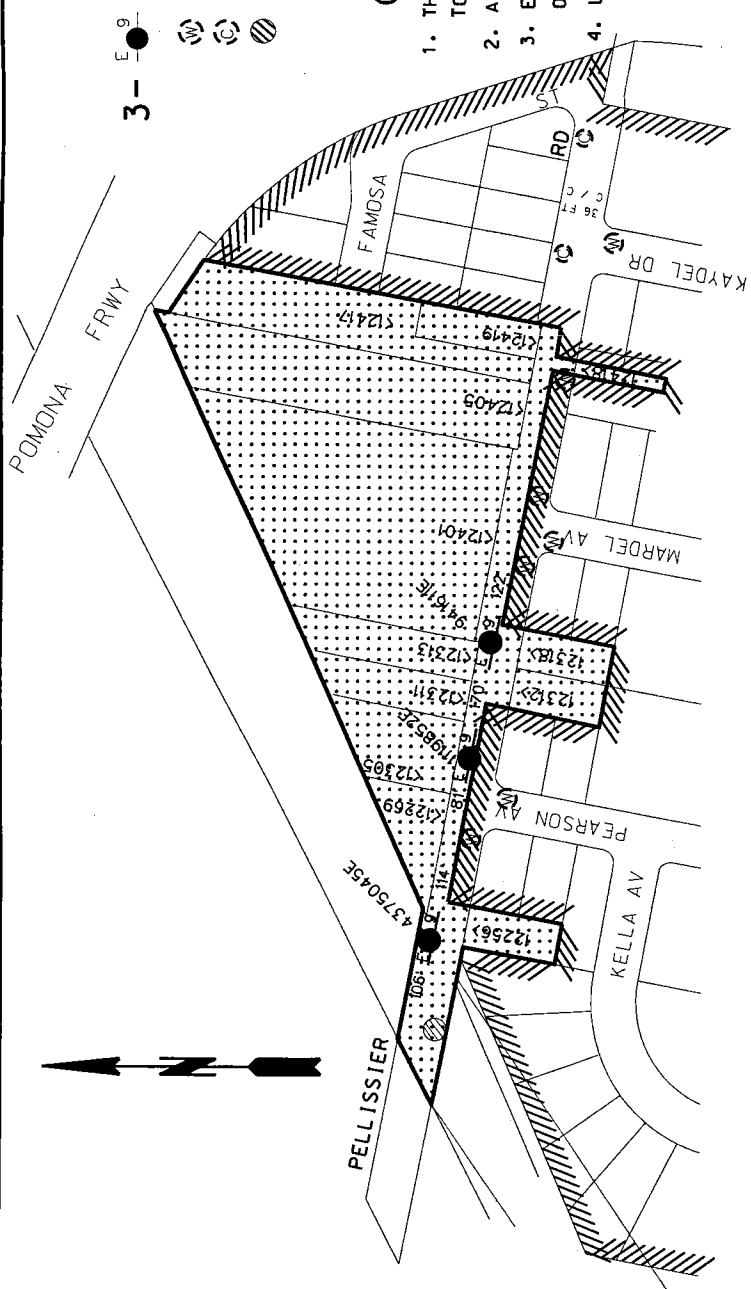

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (section 22585 et seq.) to provide supplemental funding.

Engineer's Report
Petition 15-309

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or -leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The FY 2012-13 Annual Engineer's Report, which lists the base rate assessment for all zones within CLD LLA-1 and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real property affected are shown in Appendix A included herein. The parcels are more particularly described in a map prepared in accordance with section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory, as requested by the signers of Petition No. 15-309, and to provide for their operation and maintenance.

PETITION NO. 19-410
(LOMITA AVENUE)**

On January 10, 2012, Item 36, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining twelve street lights on new and existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the 12 street lights on new and existing wood poles. The annual operating cost of \$1,698 for the twelve 9,500 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year (FY) 2012-13 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundary of Petition No. 19-410. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (section 22585 et seq.) to provide supplemental funding.

ENGINEER'S REPORT
PETITION NO. 146-907
(ALDGATE AVENUE, ET AL.)**

On September 20, 2011, Item 26, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 25 street lights on new and existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the 25 street lights on new and existing wood poles. The annual operating cost of \$3,687 for the seventeen 9,500 lumen high-pressure sodium vapor street lights and eight 16,000 lumen high-pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year (FY) 2012-13 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundary of Petition No. 146-907. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (section 22585 et seq.) to provide supplemental funding.

Engineer's Report
Petition 146-907

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or -leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The FY 2012-13 Annual Engineer's Report, which lists the base rate assessment for all zones within CLD LLA-1 and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real property affected are shown in Appendix A included herein. The parcels are more particularly described in a map prepared in accordance with section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory, as requested by the signers of Petition No. 146-907, and to provide for their operation and maintenance.

ENGINEER'S REPORT
PETITION NO. 20-410
(CLIOTA STREET)**

On September 20, 2011, Item 26, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 17 street lights on new and existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the 17 street lights on new and existing wood poles. The annual operating cost of \$2,644 for the eleven 9,500 lumen high-pressure sodium vapor street lights and six 22,000 lumen high-pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year (FY) 2012-13 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundaries of Petition No. 20-410. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights approved by the Board of Supervisors will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

IMPROVEMENT ZONE 554
(NEW HAMPTON STREET, ET AL.)**

On September 20, 2011, Item 26, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, and formation of Improvement Zone 554, pursuant to the California Streets and Highways Code, Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining nine street lights on concrete poles with overhead wiring within the territory proposed for annexation, as shown on the diagram, plans, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This Report was prepared in response to that directive.

Upon the formation of Improvement Zone 554, a loan of \$45,000 can be advanced from CLMD 1687 and CLD LLA-1, Unincorporated Zone, to finance the installation costs of the street lighting system. The loan which includes interest, currently computed to be 0.77 percent based on the 6-month average of the County's pooled surplus investment fund restricted interest rate, will be repaid by the 28 benefited parcels within Improvement Zone 554, over a 10-year period, from Fiscal Year (FY) 2013-14 through FY 2022-23, in equal payments currently estimated to be \$168 per parcel per year, as shown in the attached Amortization Schedule. This special assessment will be added to the FY 2013-14 tax bill of property owners within Improvement Zone 554. Improvement Zone 554 will automatically terminate provided there are no outstanding obligations payables from special assessments to be levied in said Zone. An annual operation and maintenance assessment of \$5 per parcel will be added to the FY 2013-14 tax bill of property owners within Improvement Zone 554. The Assessor's parcel numbers of the 28 benefited parcels with Improvement Zone 554 are shown in Appendix A.

In addition, the annual operating cost of \$1,273 for the nine 9,500 lumen high-pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved FY 2012-13 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundaries of Petition No. 57-1010. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights approved by the Board of Supervisors will be added to the property tax bill.

Engineer's Report
Petition 57-1010

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or -leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The FY 2012-13 Annual Engineer's Report, which lists the base rate assessment for all zones within CLD LLA-1 and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real property affected are shown in Appendix A included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 57-1010, and to provide for their operation and maintenance.

ENGINEER'S REPORT
PETITION NO. 70-1110
(BELLMARIN DRIVE, ET AL.)**

On September 20, 2012, the County of Los Angeles Board of Supervisors (Board of Supervisors) adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 22 street lights on new and existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b), of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the 22 street lights on new and existing wood poles. The annual operating cost of \$3,113 for the twenty-two 9,500 lumen high-pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year (FY) 2012-13 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the FY 2013-14 tax bill of property owners whose parcels lie within the boundary of Petition No. 70-1110. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

Engineer's Report

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. The parcels of real property affected are shown in Appendix A included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 70-1110, and to provide for their operation and maintenance.

WHEREAS, the County of Los Angeles Board of Supervisors (Board of Supervisors) previously approved and filed Petition Nos. 15-309, 19-410, 146-907, 20-410, 28-510, 71-1110, and 70-1110 requesting annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone to provide for the installation, operation, and maintenance of street lights within the annexed territories, and assessments for the costs thereof; and

WHEREAS, the Board of Supervisors previously approved and filed Petition No. 57-1010 requesting the annexation of territory and formation of Improvement Zone 554 in County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone to finance the installation of costs of the street lighting system on New Hampton Street and Robruce Drive in the Hacienda Heights area.

WHEREAS, the Board of Supervisors on January 8, 2013, has approved the Engineer's Reports for said territories, which contains descriptions of the improvements, estimated installation and operating costs, diagrams of the territories to be annexed, and recommended assessments as required by law.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require and it is the intention of the Board of Supervisors to order the benefited territories hereinafter described, all of which territory lies in the County of Los Angeles, be annexed to County Lighting Maintenance District 1687 pursuant to California Streets and Highways Code section 5837.

SECTION 2. The public interest and convenience require and it is the intention of the Board of Supervisors to order the benefited territories be annexed to County Lighting District LLA-1, Unincorporated Zone, pursuant to California Streets and Highways Code section 22605, and that the area within Petition No. 57-1010 be formed to Improvement Zone 554, in County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, pursuant to California Streets and Highways Code section 22574.

SECTION 3. The public interest and convenience require and it is the intention of the Board of Supervisors to order the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for the proper operation and maintenance of street lighting systems proposed within the annexed territories shall be assessed in Fiscal Year 2013-14 upon each lot or parcel of land lying within the annexed territories in proportion to the estimated benefit received from the proposed street lighting improvements and which should be assessed to pay the expenses of the operation and maintenance of said improvements. An annual Engineer's Report, approved by the Board each fiscal year, establishes the annual base rate assessment for all zones within County Lighting District LLA-1. For Fiscal Year 2012-13, the annual base rate assessment for the Unincorporated Zone is \$5 for a single-family residence, with proportionately higher assessment rates for other land uses. This annual assessment for the operation and maintenance of street lights is proposed to be added to the property tax bill of benefited parcels within the boundaries of County Lighting District LLA-1, Unincorporated Zone, in Fiscal Year 2013-14. Each year thereafter, an assessment for operation and maintenance costs approved by the Board will be added to the property tax bill.

Formation of Improvement Zone 554 for Petition No. 57-1010 will allow for the financing of the estimated \$45,000 cost for the installation of nine street lights on concrete poles with overhead wiring. The loan from County Lighting Maintenance District 1687 to Improvement Zone 554 is necessary to provide funding for the installation costs of these street lights. The loan will be repaid to County Lighting Maintenance District 1687 through an annual special assessment currently estimated to be \$168 per parcel per year, collected from property owners of the 28 benefited parcels over a 10-year period from Fiscal Year 2013-14 through Fiscal Year 2022-23.

The Engineer's Report prepared for each petitioned territory contains a full and detailed description of the proposed improvements, a description of the lots or parcels of land to be annexed, the estimated costs of operation and maintenance, a diagram of the territory to be annexed, and the recommended assessment on each lot or parcel of land included therein.

SECTION 4. The boundaries of the territories proposed for annexation and formation of Improvement Zone 554 consists of the areas shown on the attached maps.

SECTION 5. The proposed assessment is subject to majority approval of the property owners. A ballot and public hearing notice will be sent to all property owners within the areas proposed for annexation at least 45 days prior to the date of the public hearing in the form and manner specified by California Government Code section 53753. The ballots will be weighted by the amount of assessment to be paid by each property owner. The territory will not be annexed and the proposed assessment will be abandoned if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amounts to be assessed for the expense of such installation, operation, and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes.

SECTION 7. Proceedings for the levying of assessments shall be taken in accordance with the Landscaping and Lighting Act of 1972 (California Streets and Highways Code Division 15, Part 2) and California Government Code section 53753.

SECTION 8. A public hearing will be held by the Board of Supervisors to consider the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, formation of Improvement Zone 554 for Petition No. 57-1010, the levy of special assessment against benefited parcels in Improvement Zone 554, and the levying of assessments within the territories proposed to be annexed. Said hearing will be held on Tuesday, February 26, 2013, at 9:30 a.m., at the Chambers of the Board of Supervisors of the County of Los Angeles, in Room 381B of the Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.
